

## The Artillery Tower Wine List

The list is made up of wines we like taste and enjoy.  
Not comprehensive in any way but should cover most tastes

The wines are grouped.

**Essential.** Verital based wines. Available by the glass

**Classic.** House hold names from quality producers

**Indulgent.** High end producers for that special occasion but not exclusively. Wine you would expect to find in a small restaurant like ours

Wine service can be quiet formal we prefer to offer you a glass & leave the rest to you

Cheers !!!
